5. In less than 100 metres take a steep slope uphill on the left, changing from the asphalt road for a cement road. There's a wooden sign that reads USURBIL **(Ref.6)** next to a double wooden gate for animals.

6. At the next junction turn right. DO NOT follow the SORABILLA sign on the left **(Ref.19)**

8. **VERY IMPORTANT!** From now on, always follow the cement road; never take any other cobbled or forest roads. You will pass the following signs and references:

- GARATE, BELKOAIN (there's a white painted arrow on a grey stone, at the top it reads USURBIL BURUNTZALDEA). **(Ref.7)**
- On the right of the road a sign that reads KAROBIA (old limestone kilns).
- Wooden signs announcing BELKOAIN – BIDEA = CAMINO – PISTA (Belkoain road). **(Ref.8)**
- Pass a farm on the right, just after going down a gentle slope. Then, on the left, you will see another limestone kiln **(Ref.9)** and again, there's another section of sharp slope uphill.
- When you get to the highest point you will pass a TV antenna (it has a graffiti on it: *AHT EZ*). **(Ref.10)**
- You will also pass by a wooden sign on the right of the road that reads ANDOAIN **(Ref.11)**, in the opposite direction.

Very soon you will pass through a green metallic gate on the left and will see **GARATE** farm at the bottom of. **YOU ARE HERE!**
