

GETTING TO ANDOAIN FROM SAN SEBASTIAN VIA THE N-1

1. After exit 447 B (Ref.2)

ANDOAIN

URNIETA GI-131,

in less than one km take exit N° 447 A (Ref.3)

2. On the curve of the way out, when you see the Camping Vehicles Renting Company ITSAS MENDI, turn left at the green sign that reads SORABILLA (Ref.4), passing the industrial estate BORDA BERRI (Ref.5).

3. In less than 100 metres take a steep slope uphill on the left, changing from the asphalt road for a cement road. There's a wooden sign that reads USURBIL (Ref.6) next to a double wooden gate for animals.

4. At the next junction turn right. DO NOT follow the SORABILLA sign on the left (Ref.19).

5. Very soon, take the first turning on the left, and from now on there will be only about 3 km left to reach Garate.

6. **VERY IMPORTANT!** From now on, always follow the cement road; never take any other cobbled or forest roads. You will pass the following signs and references:

- GARATE, BELKOAIN (there's a white painted arrow on a grey stone, at the top it reads USURBIL BURUNTZALDEA). (Ref.7).
- On the right of the road a sign that reads KAROBIA (old limestone kilns).
- Wooden signs announcing BELKOAIN – BIDEA = CAMINO – PISTA (Belkoain road). (Ref.8).
- Pass a farm on the right, just after going down a gentle slope. Then, on the left, you will see another limestone kiln (Ref.9) and again, there's another section of sharp slope uphill.
- When you get to the highest point you will pass a TV antenna (it has a graffiti on it: AHT EZ). (Ref.10)
- You will also pass by a wooden sign on the right of the road that reads ANDOAIN (Ref.11), in the opposite direction.

Very soon you will pass through a green metallic gate on the left and will see **GARATE** farm at the bottom of. YOU ARE HERE!
